

Paper Chain Ornament Template

A series of strips (2 inches wide) that can be printed, cut, and linked to make a colorful paper chain. You can have holiday-themed patterns or solid colors to help with coordination and easy linking.

Star Ornament Coloring Template

A star outline that can be printed on card stock. Seniors can color, add glitter, or decorate with stickers. The ornament can be cut out and hung with a string. The larger shapes make cutting easier for those with limited dexterity.

Christmas Tree Shape Decoration Template

A printable tree shape that can be decorated with pom-poms, buttons, or sequins. Provide an outline of a Christmas tree that can be cut out. Seniors can glue small decorations onto the tree to add color and personalization.

Gingerbread Man Template

A simple gingerbread man outline that can be colored and decorated. This template allows them to stick googly eyes, add glitter, or simply color. Adding yarn to create a hanger will complete the ornament.

Snowflake Ornament Template

A printable snowflake with bold lines for cutting. Once cut out, seniors can decorate the snowflakes with glitter glue or cotton balls. The template should be simple enough to avoid intricate cutting, making it more accessible.
